*There's never been a better time to be a Pirate!*

## OUR MISSION:

The Alburnett Community School District will provide educational opportunities which enable students to become confident, competent, and responsible contributors to society.

At Alburnett, everything we do, we do because people matter. And with people as our focus, we provide an educational environment that challenges the status quo, provides a student-centered environment, and uses innovative and real-world experiences. Can we do this work together?
